6TH AVENUE.

ADAMS &amp; CO. 21ST AND 22D STREETS.

THE '98 MODEL

## HUMBER BICYCLE \$50

Roadster, Tourist and Lady's Humber. Men's, 22, 24 and 26 inch. Ladies', 20, 22 and 24 inch. We have bought of HUMBER & CO. their entire stock on hand of their '98 Model Wheels and direct attention to the following letter from them in which their genuineness and quality are guaranteed:

MESSRS. ADAMS & CO., Sixth Avenue, 21st and 22d streets, New York City.

Gentlemen:—We guarantee the stock of 1898 Humber sold you, every one of them full Humber quality. We have never made other than one quality. We believe we stand alone as the only makers who have not cheapened the quality or slighted the finish to fit reduced prices. Not in the slightest degree have we departed from the high standard of quality established by us when our cycles were selling at \$115, retail.

The machines sold you were made under contracts to be sold by agents at \$100 for the Roadster, \$102 for the Tourist, and \$106 for the Lady's Humber.

We guarantee every one; every part of every one, excepting tires, free of defect or imperfection of material or construction; and bind ourselves to replace any defective or imperfect part upon delivery of same at Westboro, Mass. The tires are guaranteed by the makers, Messrs. B. F. Goodrich Co., to whom we refer you and your patrons respecting any claims for imperfections or defects. Very respectfully yours,

HUMBER &amp; CO.

Elliott Burris, President.

THE HUMBER IS THE KING OF CYCLEDOM. It stands alone on the summit of Bicycle perfection—unapproached and unapproachable. It never had an equal, and is as far ahead of the ordinary wheel as the full blooded racer is of the ordinary hack. If you are wise you will not stand on the order of coming, but come quickly—and let the fact that you can buy a HUMBER at the price of an ordinary standard Bicycle hasten your footsteps. This is a chance of a lifetime. There is as little hope that lightning will strike twice in the same place as that an opportunity to secure a HUMBER AT \$50 will ever occur again.
